As a freelance developer, I specialize in creating dynamic WordPress websites and building reliable PHP backends to enhance clients online presence. I have experience integrating APIs and working with MySQL databases to deliver functional and efficient solutions. With strong communication and time management skills, I ensure projects are completed on time and meet client expectations..

Skills

- **Web Development:** Proficient in designing and developing dynamic websites using PHP, with integration of RESTful APIs for seamless communication between systems.

- **PHP Laravel:** Strong foundation working in php framework Laravel.

- **Frontend Frameworks:** Knowledge of React for building interactive and scalable user interfaces.

- **Backend Development:** Experience working with Node.js for server-side development.

- **Version Control:** Skilled in using Git for code versioning, collaboration, and repository management.

- **Database Management:** Expertise in working with relational databases, particularly MySQL, for efficient data handling and storage.

- **Soft Skills:** Strong communication abilities to interact effectively with clients and team members.

- **Time Management:** Excellent at organizing tasks, prioritizing deadlines, and delivering projects on schedule.

Professional Experience

2019-01 - 2022-04   **Freelancer**

Freelance WordPress & PHP Backend Developer
